

IPT QUALITY & SAFETY POLICY

INTEGRATED PROCUREMENT TECHNOLOGIES strives to meet or exceed customer and interested party expectations while continually improving its Quality Management System (QMS). In our pursuit of excellence, the health, safety and welfare of IPT employees is of utmost importance. We comply with all applicable laws and regulations, and we integrate health and safety considerations into all aspects of our business in order to achieve the following objectives:

- To provide a workplace free of health and safety risks through online and in-person training
- To ensure all employees are competent to do their tasks through onboard and on-the-job training
- To ensure safe handling of products and efficient management of repair services per QMS procedures
- To promote employee awareness of , participation in, and contribution to the Policy
- To commit to a process of continual improvement that includes annual Management review

The President or designee:

Date:

10/9/24

The President of *INTEGRATED PROCUREMENT TECHNOLOGIES* has formulated this Quality & Safety Policy. The Policy is explained and discussed at the general orientation training given to all new employees and has been reviewed by current employees. All employees are expected to know what the IPT Quality & Safety Policy means to them as it affects their job or position within the company. The Policy is posted in prominent locations throughout the facility.
